

We understand that certain tasks become more daunting as you get older, and as a result, our carers provide a range of services to help you or your family member lead an independent life in their own home.

Our care workers are able to provide you with a range of care services, including light domestic work, assistance with taking medication, sleep-in care, meal preparation, and assistance with personal hygiene, dressing, and getting in and out of bed.

We offer our services on a permanent, 24-hour basis, or a temporary basis in the form of respite or recuperation care, and our services are carried out according to the highest quality standards.

Support at Home

## Our Mission

Though our mission is simple, it forms the base of our culture and clearly shows our employees and our customers what we're all about.

- To be the front-runner in-home care services for the elderly and disabled.
- To improve the lives of those we serve through compassionate care.
- To achieve clinical excellence by providing outstanding homecare services.

## Our Vision

- Along with our team of dedicated professionals, we aim at emerging as the most reliable domiciliary agency in the UK.
- Become the leading homecare group by changing the face of personal care services.
- To offer a full range of homecare facilities, specialising in offering support at your doorsteps.
- To create an innovative and resourceful environment through continuous improvement.

## Personal Care:

- Assistance with personal hygiene, such as bathing, washing and grooming needs
- Everyday help with getting in or out of bed, dressing, and undressing
- Helping with getting ready for and going to bed in the evening
- Continence & catheter management
- Assistance with medication or eating meals

## General Care:

- Paying bills
- Collecting prescriptions
- Help with correspondence
- Shopping
- Cooking/Preparing meals
- Cleaning, hoovering, laundry, and other household tasks and chores
- Sitting and escorting service
- 24-hour care (including sleep-in services)
- Support for direct payment or individual budget
- Support for individuals having physical or learning disabilities

## Our Care Workers

Our care workers are highly experienced, have undergone extensive NVQ care training, and are dedicated to treating patients with the highest levels of dignity and respect. We understand the desire to lead an independent life in one's own home and are dedicated to providing care that allows our patients to do just that. We are committed to offering cost-effective home care solutions to help our patients live a happy life without denting their pockets.

## Request Visit:

One of our assessors would be pleased to visit to discuss your needs and requirements. Our consultation sessions are free of charge, and you are under no obligation to take up our services.

For free consultation please call us on
